*Equipping and encouraging  
Ethiopian pastors and evangelists  
with heart-language literature, ministry tools,  
and relevant conferences*

## Why Gospel for Ethiopia?

In Ethiopia as well as Africa in general, **Christians are excited and fervent in their faith.**

They are on fire for God, even in the face of persecution!

The problem that many pastors face, however, is a

### **lack of resources and opportunities**

both for equipping themselves and for training those they disciple and shepherd.

Pastors and church leaders are

### **hungry for knowledge and training,**

but the materials available, especially in their native language, are expensive and scarce.

We here at Gospel for Ethiopia have seen that God is blessing the ministries of these pastors. We believe in what they are already doing and we believe in

### **Partnership.**

*Would you consider joining us?*

## What does this partnership look like?

By God's grace and for His glory, Gospel for Ethiopia's will:

### **equip and encourage Ethiopian pastors and evangelists with heart-language resources, ministry tools, and relevant conferences.**

The Ethiopian pastors' will lead their local churches or ministries, preach the Gospel to the lost and unreached, and disciple their flocks in the ways of Christ — working to fulfill the Great Commission of Matthew 28!

### **How to get involved:**

Will you join this God glorifying partnership? You could play an integral part in several ways:

We are in need of prayer.

**You can join GFE's efforts by lifting this partnership up to God! If you do one thing, do this.**

We are translating solid theological and pastoral books into Amharic, the language of Ethiopia.

**You could adopt a book project!**

We are traveling to Ethiopia to hold yearly conferences for pastors and evangelists.

**If you are a pastor, pray about how your church could get involved. You might even consider going with us!**

We need Ambassadors to take the vision of GFE back to their local churches. We provide Ambassadors with informational materials and they simply spread the word!

### **You could become a GFE Ambassador today!**

We are setting up a resource center where pastors and evangelists can study and prepare sermons.

There will be computers with internet and a trained ministry worker on hand to direct people to relevant links and online resources to enhance their study and ministry. These online resources include online seminary classes which are completely free of charge, allowing these servants of God to pursue further education without leaving their hometown and ministry.

**You can make this possible through a donation of any size!**

For more information about any of these ways to get involved, or to sign up, please visit our website at:
